LEARNING COMMUNITY RESOURCES

(CEO & Founder) - 2000 to present

Providing learning community development for school systems. Coaching educational leaders in systemic transformation. On-site training and facilitation. One-on-one coaching. Team development. Providing organizational alignment for high performing schools.

EDUCATIONAL CONSULTANT/FACILITATOR/COACH

With-In Reach Institute (co-founder) – Port Orchard – 2001 to 2005

Provided whole school organizational development, transformation, renewal and improvement. Coached educational leaders in change management, planning and implementation. Facilitated group development. Created and delivered training programs such as: The Courage to Reach; Master Facilitation Skills for Collaborative and Facilitative Learning; and Leader to Leader – Building Relationships between Schools and Community Leaders.

EDUCATIONAL CONSULTANT

Museum of Flight – Seattle, Washington – 1999 - 2000

Advised curriculum alignment with statewide school mandates. Provided staff support for grade level/ability materials development. Reviewed and critiqued pre and post packet materials. Coached staff in multiple intelligence models for program delivery. Liaison between program development and educator/classroom needs. Provided consulting support to Educational Director. Developed new delivery model for Outreach program.

OUTREACH COORDINATOR

North Central Washington Museum – Wenatchee, Washington – 1998-1999

Redesigned Outreach Program for the Museum of Flight to meet grade level needs. Created awareness for cross-program development between schools and Museum of Flight. Coordinated relationships between the two Museums. Met the grant expectations. Trained and coordinated volunteers in the program.

EDUCATIONAL EXPERIENCE

ITT Technical Institute – Portland, Oregon – 1997-1998

Designed instructional learning plans in general education for adults. Developed and delivered staff training programs including innovative adult learning models and lesson modification to meet the needs of challenged learners.

Entiat School District – Entiat, Washington – 1986 – 1997

Developed and executed K-12 gifted program including science and math. Established mentoring and internship opportunities between students and industry. Designed and implemented leadership training for high school students and staff. Designed rotating environmental program for 5-6th grades. Secured competitive grants for environmental studies. Coordinated curriculum review and program evaluation. Taught successfully 3rd, 6th, 8th and High School positions.
